CONTRACTOR (NAME AND ADDRESS) \_\_\_\_\_

PROPOSED DATE OF INSTALLATION \_\_\_\_\_

- A. Specifications provided by the Borough are to be used, and receipt of a copy of the pertinent specifications is hereby acknowledged.
- B. Applicant shall notify the Borough 24 hours in advance of beginning construction. Inspection of excavation and a field slump test shall be performed by the Borough.
- C. Temporary safety barricades and lights, provided by the applicant or contractor, shall be used to warn pedestrians.
- D. When curb stakeouts are needed and provided by the Borough, at its expense, construction shall be completed within two (2) years, at which time the applicant shall reimburse the Borough for all expenses incurred in obtaining survey, drawing and grade/cut sheets.
- E. Applications will be reviewed by the Borough and the applicant will be advised as to their permit status within 7 working days.
